FOR IMMEDIATE RELEASE

LEWISTON: City of Lewiston officials are pleased to announce that Lewiston has received a \$32,096 dividend check from the Maine Municipal Association (MMA) as a result of its loss experience positive history and loss prevention programs.

The Maine Municipal Association offers three self-funded pools for municipal and quasi-public entities in Maine: the Workers Compensation Fund formed in 1978, the Property & Casualty Pool formed in 1987, and the Unemployment Compensation Fund formed in 1978.

The programs are overseen by governing boards of elected and appointed municipal officials. Each year, the boards review the programs' loss experience to determine if dividends may be paid. Patricia Kablitz, MMA's Director of Risk Management Services, notes that more than 78% of program participants received a dividend this year for their good risk management practices and loss experience.

This year, the Workers Compensation Fund has distributed almost \$650,000 in dividends to participants, and the Property and Casualty Pool has paid dividends of nearly \$550,000 for total payments of just under \$1.2 million returned directly to MMA members. Since 1997, the three programs have returned over \$18.8 million in dividends to participating members.

The Maine Municipal Association (MMA) is a voluntary membership organization offering an array of professional services to municipalities and other local governmental entities in Maine. For more information about any of the MMA Risk Management Services programs, including online training programs, interested individuals may check the offerings online at www.memun.org and click on the Risk Management Services link or call 1-800-590-5583.
